Rule III(b) of the Rules and Regulations:

Background:

Minutes of the FA Executive Committee meeting on 23/06/2000.

3. It was decided to appoint a committee consisting of Prof. G. Ananthakrishna and Prof. N. Shivaprakash to consider the categorywise representation in the Executive committee. The terms of reference were

a) There should be a balance between proportional representation and ensuring a minimum representation for each category.

b) While ensuring proportional representation, only the proportion of members in each category in the General Body should be considered, and not the proportion of faculty.

c) A policy should be evolved so that the membership could be changed every four years depending on the change in the proportion of members in each category.

Rule III(b) of the Rules and Regulations:

Inputs from Prof. Shivaprakash

Professor Kumaran

Thanks for your mail. The following is my view.

I am of the strong opinion that the CATEGORY MAY BE REMOVED. Any one who is eligible to become the member of the Faculy Association can contest for 8 available positions every year

With best wishes

Shivaprakash

Rule III(b) of the Rules and Regulations:

Minutes of EC meeting 03/07/2000:

Prof. Ananthakrishna felt that the minimum representation should be there, but it should be just one from each category adding up to a total of four seats. The other twelve should be decided on the basis of proportional representation. However, he also felt that it is important to have an accurate idea of the number of faculty in each category before making a final decision.
